# ASSOCIATE IN SCIENCE (AS) DEGREE
## Official MCCCDS Advisement Check Sheet
### 2004-2005 Catalog Year

The Associate in Science degree is designed for students who plan to transfer to four-year colleges and universities. The components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. The degree will transfer as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements. Semester credits used to satisfy the AS degree will apply to university graduation requirements of the university major for which the AS is designed. See [http://az.transfer.org/cas/atass/student/index.html](http://az.transfer.org/cas/atass/student/index.html) and [http://www.dist.maricopa.edu/academic/curric](http://www.dist.maricopa.edu/academic/curric) for further information.

## ALL GRADES MUST BE “C” OR HIGHER
60 – 64 CREDITS (Numbered 100 and above) REQUIRED FOR DEGREE
