ADVANCED PLACEMENT INFORMATION & APPLICATION PACKET

for

LPN and TRANSFER APPLICANTS

Effective for Admissions
July 1, 2016 - June 30, 2017

Chandler-Gilbert Community College
Estrella Mountain Community College
GateWay Community College
Glendale Community College
Mesa Community College
Paradise Valley Community College
Phoenix College
Scottsdale Community College

Advanced placement applications are valid for a maximum of 2 years from date of application. Students not placed within 2 years from date of acceptance of advanced placement application packet must reapply and meet all current admission requirements to be considered for future advanced placement admission.

I MaricopaNursing Program Information

Nursing programs are available at eight of the Maricopa Community Colleges which comprise the MaricopaNursing consortium. Clinical experiences are provided in a variety of healthcare settings. Completion of the nursing courses and general education degree requirements and subsequent posting of the degree provides eligibility for students to apply for licensure as registered nurses. Licensing requirements are the exclusive responsibility of the State Boards of Nursing.

MaricopaNursing programs are approved by the Arizona State Board of Nursing (AZBN), 4747 N. 7th St., Suite 200, Phoenix, AZ 85014, Phone: 602.771.7800 and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326, Phone: 404.975.5000.

II. MaricopaNursing Program Options

A detailed and current list of all program options and program partnerships with special admission processes is available at <http://nursing.maricopa.edu/pdfdocs/ProgramOptions.pdf>. In all options, student schedules must be flexible to accommodate the required days and hours of the clinical rotations at health care agencies. Clinical experiences may occur during the day hours, evening hours, or weekend hours and may include 8, 10, and/or 12- hour shifts.

- a. **Four Semester Traditional Option-** Classes are offered primarily during daytime hours during traditional Fall and Spring semesters for two years (four semesters).
- b. **Full-time Evening/Alternative Schedule Options-** Classes in the evenings generally begin after 5:00 p.m. and clinical assignments may include a Friday, Saturday, and/or Sunday clinical. The Glendale Community College Weekend cohort and Evening cohort and the GateWay Community College Evening Program schedule classes and clinical experiences on Fridays, Saturdays and/or Sundays. Clinical schedules are not guaranteed and occasional weekday clinicals may be required.
- c. **Accelerated Degree Option-** Classes are offered primarily during daytime class hours and one block will be required during the summer months (16-18 months total).
- d. **Concurrent Enrollment Programs (CEP)-** CEP Associate-Baccalaureate partnerships are offered at MaricopaNursing colleges in the Maricopa Community College District. These programs are designed for qualified students interested in earning their Bachelor's of Science in Nursing (BSN) degree while pursuing their Associate of Applied Science (AAS) in Nursing degree. Please check with your college advisor to see which universities offer a concurrent enrollment option for advanced placement students.

III. Important Advanced Placement Information

Advanced placement is not guaranteed and is at the discretion of the nursing program director. Advanced placement applications are valid for a maximum of 2 years from date of application. Students not placed within 2 years from date of acceptance of advanced placement application must reapply and meet all current admission requirements to be considered for future advanced placement admission.

The Nursing Director reserves the right to deny acceptance of an application if applicant was dismissed from a nursing program due to academic dishonesty, unsafe practice, inappropriate conduct, and/or two (2) or more failures from any nursing program.

IV. Occupational Information

Graduates receiving an Associate in Applied Science in Nursing degree are eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. RNs may be employed in a variety of acute, long-term, and community-based health care settings. They practice within their scope and follow professional standards when caring for clients and families across the life span. The degree provides the graduate with a foundation for articulation into the University setting.

V. Cost Estimate for a MaricopaNursing Program*

Tuition (27 credits x \$86.00 + fees; Maricopa County Resident)	\$2,972.00
Textbook/Software/Supplies Estimate	1,100.00
Fingerprint Clearance Card	\$80.00
Uniform and Clinical Supplies	200.00
Immunizations/Background Check/Drug Screen**	450.00
myClinicalExchange, Certified Profile**	\$65.00
Total Estimated Cost of MaricopaNursing Program	\$4,867.00

VI. Eligibility for Licensure:

Students completing graduation requirements for the Associate in Applied Science degree in Nursing are eligible to apply for licensure as registered nurses through the AZBN. Licensing fees and requirements are determined by and are the sole responsibility of the AZBN. Approximate cost of application fees, testing fees, and fingerprinting is approximately \$550.00. Contact: Arizona State Board of Nursing at <http://www.azbn.gov> or 602-771.7800.

Effective January 1, 2008 applicants for licensure in Arizona must provide evidence of citizenship or nationality. Licensing fees and requirements are determined by and are the sole responsibility of the State Boards of Nursing. For all questions about eligibility for licensure and the documents required showing eligibility, contact the Arizona State Board of Nursing <http://www.azbn.gov> or 602-771-7800.

*Cost estimate is based on the total number of credits for the nursing courses in Blocks 2, 3 and 4 and course fees. Total credits required will depend on the Block of placement and any additional requirements. Fees are subject to change by the Governing Board of the Maricopa County Community College District.

**Mandatory requirements for clinical placement, including immunizations, supplemental background check, drug screen, myClinicalExchange (clinical scheduling/orientation platform), and Certified Profile (health and safety compliance tracking service).

REQUIREMENTS FOR ADMISSION

- 1. Enrollment:** Students who have not previously attended a Maricopa Community College should follow the [Enrollment Steps guide](#) available online. You will need to create a MEID account, apply for admission to any Maricopa college, and submit proof of identification. Once these steps are complete and your identification has been verified, access to Maricopa student tools and resources is available.
- 2. Advisement:** Applicants seeking admission to the Nursing Program must see an Advisor/Admission Officer for assistance in completing the application process.

- 3. High school graduation or GED:** is required for the Associate in Applied Science degree in nursing. Applicants must attest they meet this requirement by signing the statement of high school graduation or noting high school graduation on the advanced placement application.
- 4. Transcripts:** Request all official college/university transcripts be sent to the Admissions Office at the **college of first choice** for evaluation. Pre-and co-requisite courses will be evaluated by a Maricopa Community College advisor/admission officer to determine transferability.

Advisors/admission officers will complete credit by evaluation for coursework completed at institutions not regionally accredited. There may be a fee for the courses. Applicants may be required to pay for credit by evaluation which may be the equivalent cost of the credits for one or more semesters of the program of study. Students will be notified if this is necessary.

- 5. Level One Fingerprint Clearance Card:** A current Level One DPS Fingerprint Clearance Card (FCC) is required for application to MaricopaNursing. Bring FCC and a copy (front and back) of card. See an advisor/admission officer or www.nursing.maricopa.edu/ for FCC information and application packet. Allow up to 12 weeks to receive the FCC.
- 6. HESI Admission Assessment (HESI A2):** All students applying to MaricopaNursing must show evidence of passing scores on the HESI A2. The nursing director may deny acceptance of an application if an applicant violates the guidelines for taking the exam.

A score of 80% or higher in the English language composite score and a 75% or higher in math* must be achieved to apply to MaricopaNursing. The cost of the HESI A2 is approximately \$40.00. The HESI A2 Study Guide is available in select college bookstores and libraries to assist in exam preparation. If unable to achieve the minimum score, remediation is advised before repeating the test. Applicants may retest after a 60 day period for a maximum of 3 times per 12-month period. See the MaricopaNursing website under “Prospective Students” for additional HESI A2 information.

- 7. Background Check/Drug Screen:** All Maricopa Community College healthcare students are required to complete a criminal background check and drug screen during the registration process. Enrollment is contingent on passing results from the background check and drug screen. Once admitted, students have a duty to immediately report to the Program Director any arrests, convictions, placement on exclusion databases, suspension, removal of the DPS Fingerprint Clearance Card or removal or discipline imposed on any professional license or certificate at any time during my enrollment in a Program. Any student who loses eligibility to participate in clinical experiences due to inability to meet program requirements will be withdrawn from the program.

**NOTE: HESI A2 scores subject to change*

ADDITIONAL ADMISSION REQUIREMENTS

The following may be required depending on prior education/program. See a campus nursing advisor for more information:

- 1. HESI PN Entrance LPN to ADN examination:** All advanced placement applicants who wish to be considered for placement in Block 3 or 4 must achieve a score of 850 or higher on the HESI PN Entrance examination. Applicants who do not take the HESI PN Entrance exam or those scoring less than 850 may apply for Block 2.

The HESI PN exam can be taken at GateWay Community College and/or Glendale Community College (see <http://www.nursing.maricopa.edu/>). The cost of the test is approximately \$50.00. HESI PN Entrance Exam scores are only accepted if taken within the last six (6) months.

2. **PN License:** A current, unrestricted practical nursing license is required for LPN applicants from non-Maricopa Community College programs and for graduates of the GWCC Fast Track Practical Nursing Program, Veteran's Bridge Program, or NUR191 entering Block 3 more than 12 months after program completion.
3. **Pharmacology:** Applicants must successfully complete a pharmacology course or have had pharmacology content covered within their program of study within 12 months of application. Applicants may complete NUR187 Pharmacology and Medication Administration or NCE170 Pharmacology for Nurses to fulfill this requirement. The Director at each college will determine level of pharmacology content covered within a previous program of study and may require a pharmacology course prior to admission. These courses are offered at various colleges.
4. **Behavioral Health/NCE214OP:** Applicants must show evidence of successful completion of sufficient behavioral health/psychiatric didactic and clinical content completed within their program of study. Applicants who need additional behavioral health content may complete NCE214OP Orientation to the Nursing Program to fulfill this requirement. This course is offered at select Maricopa colleges.
5. **Practical Nursing Transition/NUR191:** Students who have successfully completed NUR172 may apply for advanced placement to Block 3 of the MaricopaNursing program only after completion of NUR191/Practical Nursing Transition. Other admission requirements must also be met for application.
6. Students will be required to submit a urine drug screen sample at some point during the orientation/admission process. Faculty will instruct the students in this process and students should NOT submit their own urine drug screen as it will not be accepted. Students will receive specific instructions on completing the background check and urine drug screen during the registration process.

ADMISSION REQUIREMENTS BY CLASSIFICATION

All applicants will meet with the advisor/admission officer at the college of first choice to verify completion of the admission requirements specific to the preferred Block. The application is entered into a district-wide data base, if a current application exists, the newer application will become void.

Applicants must submit:

- HESI A2 scores
- Level One Fingerprint Clearance Card
- Transcripts from all high schools, colleges, and universities attended showing completion of all general admission requirements, including pre- and co-requisite courses
- Completed application

Maricopa Community College Practical Nursing Program Graduates/Veteran's Bridge Course/ NUR191:

- Transcripts showing completion of Maricopa Practical Nursing Program (GWCC Fast Track Practical Nursing program, Veteran's Bridge Program, or NUR191).
- Current, unrestricted practical nursing license required for applicants entering Block 3 more than 12 months after PN or NUR191 program completion. Licensure not required for students entering Block 3 within 12 months of completion of GWCC Fast Track Practical Nursing Program, Veteran's Bridge Program, or NUR191.
- NCE214OP for applicants entering at Block 3.

LPN Applicants (non-Maricopa Community College programs):

- **Valid, current and unrestricted** practical nurse license within the US.
- Transcripts showing completion of approved practical nurse program and all required general education requirements.
- NCE214OP or documentation of mental health content (determination of applicable mental health content to be made by nursing director at college of first choice) for admission to Block 3.
- Applicants licensed as Vocational Nurses (LVN) must be eligible for licensure as an LPN. If unable to obtain a license as an LPN in Arizona, applicant may be eligible for entry into Block 2 or equivalent at the discretion of the Nursing Director at each college.
- Evidence of pharmacology and behavioral health program requirements

External Transfer (Non-LPN) Applicants:

- Applicants who completed nursing courses outside of the Maricopa Community Colleges within the last nine (9) months must submit course descriptions and syllabi for all nursing courses successfully completed.
- A letter from the Director of Nursing of previous nursing program attended explaining reasons for withdrawal or dismissal. Letter must be sent to: Maricopa Community College District Office, Health Care Office, 2323 W. 14th Street, Tempe, AZ 85281. A letter is not required from other MaricopaNursing Directors when transferring within MaricopaNursing colleges.
- Nursing Director will determine placement based on HESI score, course syllabi from previous nursing programs, and general education course completion. The Director will determine nursing course equivalency and transferability depending on date of completion and course competencies.
- Applicants completing a program in the military will enter as a new student into Block 1. Exceptions may be made when the military program is approved by the State Board of Nursing and the applicant meets the requirements for licensure as a practical nurse in Arizona.

- When all admission requirements have been met and Advisor/Director has signed the application, the application will be accepted. Incomplete applications will not be accepted.
- **Placements in all Blocks are limited and no admission or readmission is guaranteed. Applicants will not be registered for any nursing courses until all requirements are met.** No provisional applications will be accepted.
- Pending availability, the applicant may be offered placement at the college of first choice. If no space is available, other campuses will have access to the application information via the advanced placement database and may offer placements depending on space availability. Campuses will notify the student by email or phone when placement is available.
- Applicants accepting placement within the specified time frame will receive notification from the college. The class schedule, date of the nursing orientation, myClinicalExchange registration information, course registration information, and directions for registering and uploading the Health and Safety documentation will be provided to the student.

ESSENTIAL INFORMATION FOR NURSING APPLICANTS

- **ZERO TOLERANCE POLICY:** The Nursing Program supports a Zero Tolerance Policy for the following behaviors:
 - Intentionally or recklessly causing physical harm to any person on the campus or at a clinical site, or intentionally or recklessly causing reasonable apprehension of such harm.
 - Unauthorized use or possession of any weapon or explosive device on the campus or at a clinical site.
 - Unauthorized use, distribution, or possession for purposes of distribution of alcohol or any controlled substance or illegal drug on the campus or at a clinical site.
 - Bullying and incivility: any verbal, non-verbal, and/or written actions which are deemed threatening or bullying will not be tolerated.

Nursing students engaging in this misconduct are subject to immediate dismissal from nursing classes and disciplinary action as described in the Student Handbook of the college.

HEALTH DECLARATION: It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. **All must provide documentation of compliance with all health and safety requirements required to protect patient safety.** Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

- **DRUG SCREENING:** All students are required to complete the urine drug screening procedure under the program account number, within the specified timeframe, and according to directions given at the time of notification. Only students in compliance with the screening guidelines and receiving a negative drug screen, as reported by the Medical Review Officer (MRO), will be permitted to continue their enrollment in nursing courses.
- **DUTY TO REPORT:** All students enrolled in nursing courses holding or receiving a certificate as a Nursing Assisting and/or license as a Practical Nurse must remain in good standing with the Board of Nursing. Students with certification and/or licensure from allied health regulatory boards are included under this provision. Students receiving any disciplinary actions against their certificate or license must notify the Nursing Director within five (5) school days. The Nursing Director reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted and terms of the action are met and the action dismissed.
- **BACKGROUND CLEARANCES:** The Fingerprint Clearance Card must be a Level One and must remain current throughout enrollment in the program. All nursing students must undergo a background check to verify identity, social security number, and to show proof that they do not appear on the List of Excluded Individuals/Entities (LEIE) database. Any student who becomes sanctioned/excluded while enrolled in the program will not be permitted to continue in nursing courses.
 - An extended Background Check is required for all nursing students who seek to begin MaricopaNursing or other campus healthcare programs on or after September 1, 2011. This is the date new background check standards will be in effect. Additionally, students who have been admitted to a MCCCDCD healthcare program or who are currently enrolled in one as of September 1, 2011 will be required to sign a MCCCDCD Criminal Background Check Disclosure Acknowledgement form. These changes are necessary due to the fact that six of eleven of MCCCDCD's largest clinical experience hospital partners have established stringent background check standards that preclude MCCCDCD from assigning students to those sites who cannot meet those standards. In order for MCCCDCD students to be able to continue to complete clinical experiences at local hospitals, students must meet these new standards. **A student may be dismissed from the program and may receive a failing grade in the course based on the inability to place the student in a clinical facility.**

- **WAIVER OF LICENSURE/CERTIFICATION GUARANTEE:** Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure and subsequent procedures are the exclusive right and responsibility of the State Boards of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. § 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot consider your

application. All nurse applicants for licensure will be fingerprinted to permit the Department of Public Safety to obtain state and federal criminal history information. The Fingerprint Clearance Card required for application to the nursing program will not meet the requirements for certification or licensure through the State Board of Nursing. **Effective January 1, 2008** applicants for licensure in Arizona must provide evidence of citizenship or nationality. If there are any questions about eligibility for licensure and the documents required showing eligibility to apply for licensure, contact the Arizona State Board of Nursing <http://www.azbn.gov> or 602-771-7800.

Essential Skills and Functional Abilities for Nursing Students

Individuals enrolled in MaricopaNursing must be able to perform essential skills. If a student believes that he/she cannot meet the standards without accommodations, the nursing program must determine, on an individual basis, whether reasonable accommodation can be made. The ultimate determination regarding reasonable accommodations will be based upon the preservation of patient safety.

Functional Ability	Standard	Examples Of Required Activities
Motor Abilities	Physical abilities and mobility sufficient to execute gross motor skills, physical endurance, and strength, to provide patient care.	Mobility sufficient to carry out patient care procedures such as assisting with ambulation of clients, administering CPR, assisting with turning and lifting patients, providing care in confined spaces such as treatment room or operating suite.
Manual Dexterity	Demonstrate fine motor skills sufficient for providing safe nursing care.	Motor skills sufficient to handle small equipment such as insulin syringe and administer medications by all routes, perform tracheotomy suctioning, insert urinary catheter.
Perceptual/ Sensory Ability	Sensory/perceptual ability to monitor and assess clients.	Sensory abilities sufficient to hear alarms, auscultatory sounds, cries for help, etc. Visual acuity to read calibrations on 1 cc syringe, assess color (cyanosis, pallor, etc). Tactile ability to feel pulses, temperature, palpate veins, etc. Olfactory ability to detect smoke, odor, etc.
Behavioral/ Interpersonal/ Emotional	Ability to relate to colleagues, staff and patients with honesty, civility, integrity and nondiscrimination. Capacity for development of mature, sensitive and effective therapeutic relationships. Interpersonal abilities sufficient for interaction with individuals, families and groups from various social, emotional, cultural and intellectual backgrounds. Ability to work constructively in stressful and changing environments with the ability to modify behavior in response to constructive criticism. Negotiate interpersonal conflict Capacity to demonstrate ethical behavior, including adherence to the professional nursing and student honor codes.	Establish rapport with patients/clients and colleagues. Work with teams and workgroups. Emotional skills sufficient to remain calm in an emergency situation. Behavioral skills sufficient to demonstrate the exercise of good judgment and prompt completion of all responsibilities attendant to the diagnosis and care of patients. Adapt rapidly to environmental changes and multiple task demands. Maintain behavioral decorum in stressful situations.
Safe environment for patients, families and co-workers	Ability to accurately identify patients. Ability to effectively communicate with other caregivers. Ability to administer medications safely and accurately. Ability to operate equipment safely in the clinical area.	Prioritizes tasks to ensure patient safety and standard of care. Maintains adequate concentration and attention in patient care settings. Seeks assistance when clinical situation requires a higher level or expertise/experience.

	<p>Ability to recognize and minimize hazards that could increase healthcare associated infections.</p> <p>Ability to recognize and minimize accident hazards in the clinical setting including hazards that contribute to patient, family and co-worker falls.</p>	<p>Responds to monitor alarms, emergency signals, call bells from patients, and orders in a rapid and effective manner.</p>
Communication	<p>Ability to communicate in English with accuracy, clarity and efficiency with patients, their families and other members of the health care team (including spoken and non-verbal communication, such as interpretation of facial expressions, affect and body language).</p> <p>Required communication abilities, including speech, hearing, reading, writing, language skills and computer literacy</p> <p>Communicate professionally and civilly to the healthcare team including peers, instructors, and preceptors.</p>	<p>Gives verbal directions to or follows verbal directions from other members of the healthcare team and participates in health care team discussions of patient care.</p> <p>Elicits and records information about health history, current health state and responses to treatment from patients or family members.</p> <p>Conveys information to clients and others to teach, direct and counsel individuals in an accurate, effective and timely manner.</p> <p>Establishes and maintain effective working relations with patients and co-workers.</p> <p>Recognizes and reports critical patient information to other caregivers.</p>
Cognitive/ Conceptual/ Quantitative Abilities	<p>Ability to read and understand written documents in English and solve problems involving measurement, calculation, reasoning, analysis and synthesis.</p> <p>Ability to gather data, to develop a plan of action, establish priorities and monitor and evaluate treatment plans and modalities.</p> <p>Ability to comprehend three-dimensional and spatial relationships.</p> <p>Ability to react effectively in an emergency situation.</p>	<p>Calculates appropriate medication dosage given specific patient parameters.</p> <p>Analyze and synthesize data and develop an appropriate plan of care.</p> <p>Collects data, prioritize needs and anticipate reactions.</p> <p>Comprehend spatial relationships adequate to properly administer injections, start intravenous lines or assess wounds of varying depths.</p> <p>Recognizes an emergency situation and responds effectively to safeguard the patient and other caregivers.</p> <p>Transfers knowledge from one situation to another.</p> <p>Accurately processes information on medication container, physicians' orders, and monitor and equipment calibrations, printed documents, flow sheets, graphic sheets, medication administration records, other medical records and policy and procedure manuals.</p>
Punctuality/ work habits	<p>Ability to adhere to MCCDNP policies, procedures and requirements as described in the Student Nurse Handbook, college catalog and student handbook and course syllabus.</p>	<p>Attends class and clinical assignments punctually.</p> <p>Reads, understands and adheres to all policies related to classroom and clinical experiences.</p>

	<p>Ability to complete classroom and clinical assignments and submit assignments at the required time.</p> <p>Ability to adhere to classroom and clinical schedules.</p>	<p>Contacts instructor in advance of any absence or late arrival.</p> <p>Understands and completes classroom and clinical assignments by due date and time.</p>
Environment	<p>Recognize the personal risk for exposure to health hazards.</p> <p>Use equipment in laboratory or clinical settings needed to provide patient care.</p> <p>Tolerate exposure to allergens (latex, chemical, etc.)</p> <p>Tolerate wearing protective equipment (e.g. mask, gown, gloves)</p>	<p>Takes appropriate precautions for possible exposures such as communicable disease, blood borne pathogens, and latex.</p> <p>Uses person protective equipment (PPE) appropriately.</p>

Allied Health and Nursing Programs Maricopa County Community College District Summary of Criminal Background Check Requirements

Overview of the Requirements

In order for students to be admitted to or maintain enrollment in good standing in Maricopa County Community College District's ("MCCCD") Allied Health and Nursing programs ("Programs") beginning on September 1, 2011, students must provide with their application to a Program all of the following:

- A copy of an Arizona Department of Public Safety Level-One Fingerprint Clearance Card ("Card"). Students are required to pay the cost of applying for the Card. Cards that are NOT Level-One status will not be accepted
- An original version of the "**Criminal Background Check Disclosure Acknowledgement**" form attached to this Summary signed by the student.

At all times during enrollment in a Program, students must obtain and maintain BOTH a valid Level-One Fingerprint Clearance Card and passing disposition on supplemental background check performed by MCCCD authorized vendor. Admission requirements related to background checks are subject to change as mandated by clinical experience partners.

Implementation of the Requirements

1. Students that are denied issuance of a Card may be eligible for a good cause exception through the Arizona Department of Public Safety. It is the student's responsibility to seek that exception directly with the department. Until the student obtains a Card and meets all requirements for admission, s/he will not be admitted to a Program.
2. Students admitted to a Program whose Card is revoked or suspended must notify the Program Director immediately and the student will be removed from the Program in which they have been admitted or are enrolled. Any refund of funds would be made per MCCCD policy.
3. The **Criminal Background Check Disclosure Acknowledgement** directs students to disclose on the data collection form of the MCCCD authorized background check vendor all of the requested information as well as any information that the background check may discover. Honesty is important as it demonstrates character. Lack of honesty will be the basis for denial of admission or removal from a Program if the information that should have been disclosed but was not would have resulted in denial of admission. Failure to disclose other types of information constitutes a violation of the Student Code of Conduct and may be subject to sanctions under that Code. Students have a duty to update the information requested on the [background check vendor] data collection form promptly during enrollment in a Program. The [background check vendor] data collection form may ask for the following information but the form may change from time to time:
 - Legal Name
 - Maiden Name
 - Other names used
 - Social Security Number
 - Date of Birth
 - Arrests, charges or convictions of any criminal offenses, even if dismissed or expunged, including dates and details.
 - Pending criminal charges that have been filed against you including dates and details. Participation in a first offender, deferred adjudication or pretrial diversion or other probation program or arrangement where judgment or conviction has been withheld.

The authorized MCCCD background check vendor will be asked to pass or fail each student based on the standards of MCCCD's clinical experience partners that have established the most stringent requirements. The sole recourse of any student who fails the background check and believes that failure may have been in error is with the background check vendor and not MCCCD.

**ACKNOWLEDGEMENT OF CRIMINAL BACKGROUND CHECK REQUIREMENTS
APPLICABLE TO STUDENTS SEEKING ADMISSION TO ALLIED HEALTH OR NURSING
Maricopa County Community College District**

In applying for admission to a Nursing or Allied Health program (“Program”) at the Maricopa County Community College District, you are required to disclose on the Arizona Department of Public Safety (DPS) form all required information and on the MCCCDC authorized background check vendor data collection form any arrests, convictions, or charges (even if the arrest, conviction or charge has been dismissed or expunged), or participation in first offender, deferred adjudication, pretrial diversion or other probation program on this form. Additionally, you must disclose anything that is likely to be discovered in the MCCCDC supplemental background check that will be conducted on you.

Please complete the DPS form, the MCCCDC authorized background check vendor form and any clinical agency background check form honestly and completely. This means that your answers must be truthful, accurate, and complete. If you know of certain information yet are unsure of whether to disclose it, you must disclose the information, including any arrest or criminal charge. Additionally,

By signing this acknowledgement, you acknowledge the following:

1. I understand that I must submit to and pay any costs required to obtain a Level-One Fingerprint Clearance Card and an MCCCDC supplemental criminal background check.
2. I understand that failure to obtain a Level-One Fingerprint Clearance Card will result in a denial of admission to a Program or removal from it if I have been conditionally admitted.
3. I understand that I must submit to and pay any costs required to obtain an MCCCDC supplemental background check.
4. I understand that failure to obtain a “pass” as a result of the MCCCDC supplemental criminal background check will result in a denial of admission to a Program or removal from it if I have been conditionally admitted.
5. I understand that, if my Level-One Fingerprint Clearance Card is revoked or suspended at any time during the admission process or my enrollment in a Program, I am responsible to notify the Program Director immediately and that I will be removed from the Program.
6. I understand that a clinical agency may require an additional criminal background check to screen for barrier offenses other than those required by MCCCDC, as well as a drug screening. I understand that I am required to pay for any and all criminal background checks and drug screens required by a clinical agency to which I am assigned.
7. I understand that the both the MCCCDC supplemental or the clinical agency background check may include but are not limited to the following:
 - Nationwide Federal Healthcare Fraud and Abuse Databases
 - Social Security Verification
 - Residency History
 - Arizona Statewide Criminal Records
 - Nationwide Criminal Database
 - Nationwide Sexual Offender Registry
 - Homeland Security Search
8. By virtue of the MCCCDC supplemental background check, I understand that I will be disqualified for admission or continued enrollment in a Program based on my criminal offenses, the inability to verify my Social Security number, or my being listed in an exclusionary database of a Federal Agency. The criminal offenses for disqualification may include but are not limited to any or all of the following:
 - Social Security Search-Social Security number does not belong to applicant
 - Any inclusion on any registered sex offender database
 - Any inclusion on any of the Federal exclusion lists or Homeland Security watch list
 - Any conviction of Felony no matter what the age of the conviction
 - Any warrant any state
 - Any misdemeanor conviction for the following-No matter age of crime
 - violent crimes

- sex crime of any kind including non-consensual sexual crimes and sexual assault
 - murder, attempted murder
 - abduction
 - assault
 - robbery
 - arson
 - extortion
 - burglary
 - pandering
 - any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
 - any abuse or neglect
 - any fraud
 - illegal drugs
 - aggravated DUI
- Any misdemeanor controlled substance conviction last 7 years
 - Any other misdemeanor convictions within last 3 years
 - Exceptions: Any misdemeanor traffic (DUI is not considered Traffic)
9. I understand that I must disclose on all background check data collection forms (DPS, MCCCDC background check vendor and a clinical agency background check vendor) all required information including any arrests, convictions, or charges (even if the arrest, conviction or charge has been dismissed or expunged), or participation in first offender, deferred adjudication, pretrial diversion or other probation program. That includes any misdemeanors or felonies in Arizona, any other State, or other jurisdiction. I also understand that I must disclose any other relevant information on the forms. I further understand that non-disclosure of relevant information on the forms that would have resulted in failing the background check will result in denial of admission to or removal from a Program. Finally, I understand that my failure to disclose other types of information of the forms will result in a violation of the Student Code of Conduct and may be subject to sanctions under that Code.
10. I understand that, if a clinical agency to which I have been assigned does not accept me based on my criminal background check it may result in my inability to complete the Program. I also understand that MCCCDC may, within its discretion, disclose to a clinical agency that I have been rejected by another clinical agency. I further understand that MCCCDC has no obligation to place me when the reason for lack of placement is my criminal background check. Since clinical agency assignments are critical requirements for completion of the Program, I acknowledge that my inability to complete required clinical experience due to my criminal background check will result in removal from the Program.
11. I understand the Programs reserve the authority to determine my eligibility to be admitted to the Program or to continue in the Program and admission requirements or background check requirements can change without notice.
12. I understand that I have a duty to immediately report to the Program Director any arrests, convictions, placement on exclusion databases, suspension, removal of my DPS Fingerprint Clearance Card or removal or discipline imposed on any professional license or certificate at any time during my enrollment in a Program.
